NOVEMBER 15. 1739. NUMB. 570.

The Pennſylvania GAZETTE.

Containing the freſheſt Advices Foreign and Domeſtick.

BELGRADE, Auguſt 8. 1739.

THE 5th Inſtant a Convoy of Proviſions from Niſſa having paſſed within Cannon Shot of the Town, was fired ſo ſucceſsfully upon that it was put in Diſorder. The ſame Day the young Count de Khevenhuller being on the Ramparts giving Orders, a Cannon Ball took off his Head. The Turks have juſt rais'd a new Battery, from which they have begun to batter St. Charles's Baſtion near Wirtemberg Gate. The 6th Inſtant in the Morning, we remark'd, that the Infidels were in Motion towards the Saave, and the next Day we heard that a large Body of their Troops had been order'd to go and block up the Fort of Sabatſch.

Aug. 9. *O. S.* The Garriſon which has lately been conſiderably reinforc'd, conſiſts now of 27 Battalions, and 22 Companies of Grenadiers. Notwithſtanding the great Fire of the Enemy, and the Bombs thrown into the Town, we have not had hitherto more than 50 Men killed and wounded. On the 5th they ruined our Battery at the Baſtion of St. Elizabeth, but our Men work'd ſo hard all Night, that it was repair'd by next Day; and Mines are form'd under that Baſtion, in order, if it be neceſſary to blow it up. They fire with great Fury againſt the Imperial Gate and that of Wirtemberg; and if the Turks do attempt a general Storm, 'tis believed it will fall on that Side. We hear, that the Beſiegers are 70,000 ſtrong, beſides the Troops which the Turks have on the other Side of the Danube near Panczova, which are reckon'd at above 30,000. The Count de Neuperg is not yet return'd from the Turkiſh Camp, ſo that in 5 or 6 Days ſomething deciſive may be expected.

HAMBURGH, Aug. 17. O. S. We hear from Stockholm, that Preparations for War are making all over Sweden; that the Deliberations of the Senate are kept very ſecret; and that an Ordinance had been publiſhed there, enjoining all Maſters of Ships entering the Ports of that Kingdom, to declare, upon Oath, whether they have any prohibited Goods on board.

PARIS, *Aug.* 17. O. S. We are aſſured that the Earl of Waldgrave has received an Anſwer from London concerning the Papers, ſeized in the French Ship, ſtopped by Admiral Haddock, and it is ſaid that Orders have been iſſued for reſtoring thoſe Papers. We have a Report that ſomething of great Importance, relating to Corſica, will be declared very ſoon. They write from Landau, that an Officer in the Regiment of La Marck, in Garriſon there, has lately received a Letter from Baron Neuhoff, who is related to him, wherein he tells him, that the Affairs of that Iſland will ſoon take another Turn, and that he hoped to be rewarded for all the Pains he had taken on that Occaſion.

LONDON, *Aug.* 23. Tueſday about Noon the Lords of the Admiralty received an Expreſs from Rear Admiral Haddock, containing ſome Affair of great Importance.

And ſoon after it was reported, that the Spaniards had declar'd War againſt Great-Britain in due Form.

We hear, that the Money brought on the King of Spain's Account in the Aſſogues Ships, is a much greater Sum than was at firſt reported.

Within theſe few Weeks, ſeveral of the Engliſh Merchants, &c. who reſided in Spain, have arrived here from that Kingdom.

The General Officers meet every Day at the Horſe Guards, on the Affairs of the Army.

By Letters from Jamaica, by the laſt Ship, we have Advice, that the Spaniards have taken, off Sidlichach, two trading Veſſels, and carried them into Carthagena, which are computed to be worth 22,000 *l.* Sterl. they have alſo taken 5 Veſſels in the Bay of Campeachy.

We are credibly inform'd, that it has been reſolv'd to add 2 Companies to every Regiment of Foot in Great-Britain.

His Majeſty has ordered the two Hazard-Tables at Kenſington to be ſuppreſſed.

Admiral Vernon is gone to viſit the Port of St. Andero, in the Bay of Biſcay, with 9 Sail of Men of War.

EDINGBURGH, *Aug.* 24. By private Letters we are aſſured, that a Ship who had an extraordinary quick Paſſage from the Iſland of Minorca to London, has brought Advice, that the Colcheſter Man of War, belonging to Admiral Haddock's Squadron, being upon a Cruize, had taken two Catalonian Ships, loaden with Wine, &c. and carried them into Port-Mahon, where they were condemned.

LONDON, *Aug.* 25. We hear that Meſſrs. Keene and Caſtrees, our Mininſters Plenipotentiaries at the Court of Spain, have Orders ſent them to leave that Court and return home.

'Tis ſaid that a general Embargo will again be laid on all Shipping.

Yeſterday the Preſs for Seamen was warmly reviv'd on the Water, both above and below Bridge, when the Gangs were very ſucceſsful, ſweeping off a Number of Hands on both Shores.

It is ſaid that all the Officers belonging to the Regiments at Gibraltar and Port-Mahon, who are here, have received Orders immediately to repair to their reſpective Poſts on Pain of being broke.

Courts of Vice-Admiralty are eſtabliſhing at Port-Mahon and Gibraltar, to condemn in a regular Manner all lawful Prizes, that ſhall be taken from the Spaniards by ſuch Engliſh Ships as have Letters of Marque and Repriſals.

A great Number of ſmall Mortars, called Cohornes, have been delivered out of the Tower, and put on board the Men of War lately put into Commiſſion.

They are hard at work in preparing the Bombs, &c. to put on board the Three Bomb-Veſſels, Orders having been given to fit them for going to Sea with all Expedition.

We hear that her Royal Highneſs the Princeſs of Wales is again happily advanced in a State of Pregnancy.

His Majeſty's Forces in Hanover, having been lately muſter'd in a moſt exact Manner, are found to be 19,000 Horſe, Foot, and Dragoons, effective Men, and in a Condition to march at a very ſhort Warning.

EDINBURGH,

LONDON, *Aug.* 30. They write from Paris, that the Britiſh Ambaſſador there, in Anſwer to the Declaration of M. Amelot, purporting, that if any of the Britiſh Ships ſhould take or moleſt any Spaniſh Veſſels coming from the Weſt-Indies, or other Spaniſh Ship wherein the Subjects of the Crown of France were intereſted, his Court could, in that Caſe no longer remain neuter, but would take Part with Spain; has declar'd to the French Miniſtry, that the Crown of Great-Britain having been at the Expence of equipping a conſiderable Fleet of Men of War, intended to reap the Advantage which was to be drawn from it; that there was little Room to imagine that it had arm'd its Squadrons with no other View than to make a Parade; or that Admiral Haddock was ſent into the Mediterranean purely to guard the Port of Gibraltar and Iſland of Minorca, or to cruize upon Fiſhing Barks; that in making the Court of France acquainted with its Intentions, and by inviting this Court to remain neuter, it had done all that good Neighbourhood required of it; that it would not be anſwerable for the Accidents which might happen; and that in Regard to the reſt, it was ready for all Events.

One Mortar, which coſt about 200*l.* Caſting, has been put on Board the Alderney, Capt. Scot.

Eleven Sail of Men of War, were put into Commiſſion this Day at the Admiralty Office, *viz.* 4 of 80 Guns each, 5 of 60, and 2 of 50 Guns each.

Sept. 3. The 12 Men of War commiſſion'd on Friday, are to reinforce the Squadrons under Sir John Norris and Admiral Cavendiſh, for the Guarding our own Coaſts.

Sir John Norris is to command a Fleet of 42 Sail of the Line of Battle, beſides 4 Fireſhips and 3 Bomb Veſſels in the Channel.

The following Account of the Diſpoſitions made by France, in order to join Spain, in Caſe of Need, amd to act againſt Great-Britain, was taken out of a Letter from a Foreign Miniſter at the Court of France, to another at the Hague.

"As ſoon as Hoſtilities ſhall be begun between Great-Britain and Spain, and the latter ſhall have given France Advice thereof, and ſhall have demanded her Succour, a Squadron of 12 or 14 Men of War will ſet ſail from Provence, and endeavour to join the Spaniſh Fleet at Cadiz. The Marquis d'Antin's Squadron now returning from the Baltick, will be order'd to cruize upon the Coaſts of Great-Britain. The Body of Troops which is in Picardy, ſhould Things come to a certain Point, will be augmented to 40,000 Men. The Privateers of Britany will be ſent likewiſe to cruize on the Coaſts of England; and ſome are of Opinion, that an Attempt will be made to recover the Iſlands of Jerſey and Guernſey, theſe Iſlands being ſituate ſo near the Coaſts of France, and conſequently capable of giving great Annoyance to the Subjects of that Nation, ſo long as they are in the Hands of its Enemies."

It's reported that the Squadrons under the Command of Sir John Norris and Admiral Balchen, will welcome the French Squadron under the Command of the Marquis d'Antin, on its Arrival in the Britiſh Seas, in its Return home.

Sept. 4. Letters from Jamaica adviſe, that the Drake Sloop, Captain William Laws, who had been to convoy ſome Ships bound for London, thro' the Windward Paſſage, in her Return back to the ſaid Iſland, was attack'd by a Spaniſh Privateer, who took her for a Merchantman, and fired a Broadſide at her, which Compliment was immediately return'd, and continued till the Privateer ſunk with all her People.

They write from Pool, that ſeveral French Veſſels have lately ſhewn themſelves, at different Times, pretty near that Harbour.

'Tis ſaid, that the Fever carries off abundance of the Garriſon of Belgrade, but there being a Communication kept open between that Town and General Wallis's Army, the Garriſon is reinforc'd from Time to Time as there is occaſion, and the Sick and Wounded carried out.

This Morning came Advice to the Lords of the Admiralty, that Admiral Haddock had taken a Spaniſh ſhip going into Cadiz. She had on Board 700 Barrels of Gunpowder, and Arms for 10000 Men, beſides ſeveral Pieces of Braſs Cannon. This ſhip is the 10th that has been taken by Admiral Haddock.

We are credibly inform'd, that his Majeſty has abſolutely refus'd to accept of the Mediation of France, for accommodating the Differences between Spain and Great-Britain; and alſo the ſum of 95000l. due to the Britiſh Merchants; which was offered by the ſaid Power as a Preliminary.

There are now 30000 Land Forces on our Eſtabliſhment and 6 more Regiments will ſoon be raiſed.

It's ſaid, that the Court of Directors of the South Sea Company are preparing a Counter-Manifeſto, to that of the King of Spain's, in order to juſtify that Company's not paying the 68000*l.* demanded by the King of Spain,

Frankfort, Sept. 2 There is a great Talk here about a Negociation actually upon the Tapis, by virtue of which one of the moſt potent Princes of the Empire is to furniſh the Emperor with ſeveral Thouſand Men. Our Letters from Hungary ſay, that the Arrival of the Ruſſian Army in Moldavia, makes the Turks very uneaſy; that Count Munich makes great Ravages in that Province; that the Ottoman Army before Belgrade has lately bern reinforced with 20000 Troops from Aſia, and that the Infidels draw ſo near that Fortreſs, that they are apprehenſive it will be obliged to ſurrender, unleſs the Ruſſians appear very ſoon in thoſe Parts. The Turks main Efforts are againſt the Baſtion of St. Elizabeth, and the Wirtemburg and Imperial Gates, and 'tis thought that it is on that ſide that they will attempt to ſtorm the Town. The Garriſon is ſaid to conſiſt at preſent of 27 Battalions and 22 Companies of Grenadiers.

LONDON, *Sept.* 8. Letters from Naples, by the Way of Rome, ſay, that all the Engliſh Ships have left that Port, upon the Report of a War between Great-Britain and Spain.

Boſton, Octob. 29. We are informed by Letters and Paſſengers that came yeſterday in Capt. Carey from London, that all manner of military Preparations were carrying on with the utmoſt Vigour both by Sea and Land; that a great Number of Merchant Ships had been bought up by the Government, and fitted up for Fireſhips, and that ſome great Undertaking was on Foot.

We are likewiſe told, that Count Cambys, the new French Ambaſſador, has left the Britiſh Court in a Pet, and is returned home.

Novem. 5. We hear from Charleſtown in South-Carolina, That Capt, Warren in the Squirrel Man of War, and Capt. Laws in the Spence, had taken the Auguſtine Packet Boat, comeing out, being loaden with Bread and Flour and 700 Pieces of Eight; Capt. Laws carried her into South-Carolina for Condemnation; and Capt. Warren lay off St. Auguſtine, to wait for a Sloop bound from thence to Old Spain, with 60000*l.* Sterl. on board, that was carried to Auguſtine from a Ship of 24 Guns, caſt away in the Gulph, coming from Coracoa.

New-York, Nov. 12. On Sunday Morning laſt departed this Life, in the 70th Year of his Age, and on Tueſday Evening was decently interr'd, that very worthy Gentleman Mr. WILLIAM SHARPAS, who for about 46 Years held the Office of Town Clerk, and Clerk of the Peace of this City, to the univerſal Satisfaction of all. His Virtues were ſuch as made his Life Exemplary, his Loſs deplorable, and his Memory precious; he was a true and faithful Friend to many (eſpecially to thoſe that needed it) but an Enemy to none: To attempt his Character is vain, for when all is ſaid that can be, it will ſtill fall vaſtly ſhort of his Merit. He has left behind him only one Daughter to inherit his Virtues.

PHI-

PHILADELPHIA, *Novemb.* 15.

Extract of a private Letter from Lisbon *dated* Septemb. 22.

'Messrs. Keene and Castres our late Ministers at the Court of Madrid arrived here the 20th Inst. and 'tis presumed will embark in the first Man of War to England. The King of Spain has given Liberty to his Subjects for making Reprisals on the English, and issued his Order to grant Commissions to any Persons inclin'd to fit out Privateers. From Oporto 'tis advis'd, several are fitting out in Galicia, and some already out a cruising. Six English Ships at Malaga, and one in Cadiz, 'tis said are seized. Yesterday Morning the Princess of Brazil was delivered of a Daughter, which is her third, tho' a Son was more desired by this Royal Family, and the Portugueze Nation."

On Thursday last, the Rev. Mr. WHITEFIELD began to preach from the Court-House-Gallery in this City, about six at Night, to near 6000 People before him in the Street, who stood in an awful Silence to hear him; and this continued every Night, 'till Sunday. On Monday he set out for New-York, and was to preach at Burlington in his Way going, and in Bucks County coming back. Before he returns to England he designs (God willing) to preach the Gospel in every Province in America, belonging to the English. On Monday the 26th he intends to set out for Annapolis.
